**BOUTIQUE – CASHIER AREA**  
CASHIER STOOL

The image displays two orthographic views of a mechanical component. The top view is a square with a side length of 400 mm. A corner cut is shown on the top-left, with a width of 65 mm. The cut is defined by a 45-degree line, and the remaining horizontal and vertical segments are labeled as 435 mm and 400 mm, respectively. The front elevation shows an I-shaped profile. The base is a horizontal rectangle with a width of 400 mm and a height of 65 mm. The stem is a vertical rectangle with a width of 400 mm and a height of 760 mm. The total height of the component is 825 mm (65 mm + 760 mm). The top flange is 65 mm high and 400 mm wide. The stem is 760 mm high and 400 mm wide. The bottom flange is 65 mm high and 400 mm wide. The total height is 825 mm.
